

Dear Sir or Madam,

with effect from December 13, 2024, the new EU Product Safety Regulation (Regulation (EU) 2023/988) will finally come into force.

The EU Product Safety Regulation contains various additions to the existing product safety regulations for us as a manufacturer, but also for you as a customer of our products.

With this letter, we would like to inform you that we are aware of the upcoming changes and are already working intensively on the timely implementation of the legal requirements.

If you or your customers wish to sell our products online or via distance selling, Art. 19 of the EU Product Safety Regulation also requires you or your customers to publish various information about the manufacturer of the products at the time the products are made available. We would therefore like to provide you with the necessary information for our products as follows:

Name of the manufacturer: KNIPEX-Werk C. Gustav Putsch KG

Postal address: Oberkamper Str. 13, 42349 Wuppertal, Germany

Electronic address: www.knipex.de

(Please note that the Commission made a correction in the EU Official Journal on 19.12.2023. The term “e-mail address” will then be replaced throughout the EU Product Safety Regulation by the term “electronic address”).

Further optional information about our company can also be found in the footer of this letter.

Yours sincerely

KNIPEX-Werk
C. Gustav Putsch KG
